REPUBLIC CREOSOTING COMPANY

TO: Mr. C. B. Edwards, - Indpls. OFFICE: St. Louis Park, Minn.
FROM: W. J. McLellan DATE: August 29, 1938
SUBJECT: ST. LOUIS PARK WATER ANALYSIS - SAMPLES#4809 A & B.

We received this morning copy of Mr. Sullivan's report to you on the samples of water from our drainage ditch sent to you sometime ago, and we expect that as soon as you have had a chance to study this report that you will write us in response to our several letters on this subject giving us your instructions.

The point is that Mr. Kempe is quite anxious to hear from us and we have told him we will have something for him by the end of the month, so we would like very much to hear from you this week if at all possible.

Yours very truly,
